Postmaster J. W. Batten, of Theresa, was a pleasant caller at the TELEGRAPH office Tuesday. Mr. Batten is engaging in the culture of strawberries on quite an extensive scale this season, having set out about 40,000 plants, which bid fair to bear abundantly.

Dr. E. C. Morton, of this city, received a voucher from the U. S. government a few days ago for \$108 to cover a claim for two months' back pay as a surgeon during the civil war. The doctor has a claim for a pension pending and feels sure that it will soon receive favorable consideration.

In a few days I will have a new assortment of staple and holiday goods suitable for Christmas and New Year's presents. The main feature will be the price which will be reduced to suit the times. C. Husband, Will Wall and A. G. Long, who will take in the sights at the exposition and return home Sunday.

Some Bradford county citizens have been drawn to serve on the grand and petit jury of the winter term of United States court, which will convene in Jacksonville on the first Monday in December. Messrs. J. G. Alvarez and John Hall are summoned for service on the grand jury and W. Ellery Davis is summoned for the petit jury.

Messrs. Pace and Tison have torn down the old frame building at the rear of Truby, Sternburg & Company's warehouse, formerly occupied as a restaurant, and will build on the site a brick building twenty-four feet wide by seventy feet long. Four applications have already been made to rent the building, which proves very conclusively that good property will rent readily in Starke.

Next Friday night, November 30th, an illustrated lecture on Palestine will be delivered at the Methodist church by the Rev. T. Griffith, pastor of St. Matthew's church in Jacksonville. The lecture is said to be a most entertaining and instructive one, and should not be missed. The lecture will be delivered in this city for the benefit of the church and it is hoped that the attendance will be large.

The teeth should not be forgotten. The value of good teeth cannot be overestimated. Dental work properly done before it is too late spares one a great deal of pain, and will often preserve the teeth for a life time. Long practice in dentistry, as in all professions, makes perfect. I have had the practice and can guarantee good work. Office at residence southeast of F. C. & P. depot. J. O. Haynes.

Mr. Entenza will resume the manufacture of cigars next Monday. He has rented the frame building one door south of Mayor von Kirm's residence on Walnut street, and will soon have a force of ten men at work. Mr. Entenza's many friends are much gratified to know that he is again in position to go to work, and they hope that no such misfortune as befell him a few weeks ago, when his factory and contents were burned, will come his way again.

M. Entenza, of Starke, is in the city. Mr. Entenza has thousands of warm personal friends in the state on account of his geniality and honesty. Mr. Entenza was recently burned out in Starke. He received some insurance and every penny of the amount received was spent in paying those who had loaned him money when he commenced business in Starke. He has resumed his business at Starke and says that he will do a big business this winter. He contemplates erecting a large brick block at Starke.—Gainesville Sun.

**GOOD FOR EVERYBODY**

and for everybody at all times of the year. Many people are about, and the only remedy that is to keep the liver in good health is the Old Friend, SIMMONS' LIVER REGULATOR, the RED Z. Dr. C. H. Himes, of Lancaster, Ohio, says: "SIMMONS' LIVER REGULATOR broke a case of Malarial Fever of three years' standing for me, and less than one bottle did the business. I shall use it when in need, and recommend it."

Be sure that you get it. Always look for the RED Z on the package. And don't forget the word REGULATOR. It is SIMMONS' LIVER REGULATOR, and there is only one, and every one who takes it is sure to be benefited. THE BENEFIT IS ALL IN THE REMEDY. Take it also for Biliousness and Sick Headache; both are caused by a sluggish liver.

J. H. Zettlin & Co., Philadelphia.

**Orange Groves Recuperating.**

Bradford county has many orange groves that are rapidly recuperating from the damage sustained last winter, but the two that give most promise of early fruitage are owned by Messrs. E. Hicks and Adam Tison, and are about fifteen miles apart, the former being at Hampton and the latter on New River, near the Brit George bridge.

After the freezes had come and gone Mr. Hicks examined his grove and found that while the trees had received a severe setback there was still some life in them. He decided to let them stand and during this year has been rewarded by the appearance of a luxuriant growth of tender shoots all over the limbs of the trees that were stripped of their leaves by the cold. It is thought that Mr. Hicks will have a fair crop of oranges next year.

On the other hand Mr. Tison did just the thing that Mr. Hicks decided not to do. He cut his trees down close to the ground, laid the roots bare and fertilized them. He had between 250 and 300 fine trees and every one has sprouted from the roots, and the young shoots are now between four and five feet high. His grove is described by a gentleman who has seen it as a thing of beauty, the young trees being of a uniform height and of a rich green color.

**The Driggers Case.**

The trial of M. M. Driggers for the murder of Tax Collector R. T. Dowling in this county will be started in the circuit court in Jacksonville next Tuesday, November 26th. Much interest is felt in the case here, and it is probable that quite a number of Bradford county people will attend the trial.
